Ms. Deborah Jordan
Director, Air Division
United States Environmental Protection Agency
75 Hawthorne Street
San Francisco, CA 94105

Dear Ms. Jordan:

This to advise you that the Bay Area Air Quality Management District is issuing a minor revision to the Major Facility Review Permit for the following facility.

| Facility | Facility Name | Application | Permit Engineer | City | County |
|----------|---|-------------|--------------------|------------------|----------------|
| A2740 | City of Mountain View (Shoreline) | 24259 | J. Cutino | Mountain View | Santa Clara |

The proposed permit revision concerned the installation of two microturbines. In the attached final Title V permit, the maximum firing rate for the turbines has been increased from 1 million BTU/hr to 1.5 million BTU/hr to reflect the results of start-up source testing.

The EPA review period ended on December 9, 2012. EPA did not submit any comments on the proposed minor revision.

The District has decided to issue the proposed revised permit. The final revised permit can be viewed on the BAAQMD website at http://www.baaqmd.gov/pmt/title_v/public_notices.htm. We will also send a copy of the final permit to you via the Electronic Permit Submittal System. If you have any questions regarding this permit, please call Dennis Jang, Senior Air Quality Engineer, at: (415) 749-4707.

Sincerely yours,

Signed by Jeff McKay for Jack P. Broadbent
